SUMMARY

Computer Science (AI) student with strong skills in full stack development, IoT, and real-time systems. Proficient in Java, Python, and React.js with hands-on internship experience. Passionate about building scalable and intelligent solutions to solve real-world problems.

EDUCATION:

Saveetha School of Engineering, Chennai | Aug 2023 – May 2027

B.E. Computer Science and Engineering (Artificial Intelligence) | **GPA: 8.7/10**

Vagdevi Junior College | Jun 2021 – May 2023

Intermediate (10+2) | **Percentage: 97.2%**

TECHNICAL SKILLS:

Programming Languages: Java, Python, JavaScript, C

Frontend: React.js, HTML, CSS

Databases: SQL

Developer Tools: Git, GitHub, Docker, Expo, VS Code.

EXPERIENCE:

Full Stack Developer Intern :

Edu-Versity , Bangalore

- Assisted in developing and maintaining web application components using React.js and Node.js.
- Worked on frontend UI improvements and basic backend integration.
- Collaborated with team members to understand full stack development workflows.

PROJECTS

AI-Based Disaster Preparedness & Emergency Response Education System

React Native, Firebase, Google Gemini AI

- Developed a full-stack mobile application featuring disaster-awareness courses, AI chatbot assistance, emergency alerts, quizzes, and leaderboards.
- Implemented Firebase Authentication and Cloud Firestore for secure authentication and real-time data management.
- Integrated emergency location mapping and disaster-preparedness educational features.

Smile App – Automated Dental Care Management System

DevOps & CI/CD | Jenkins, GitHub, Docker

- Built an end-to-end CI/CD pipeline using Jenkins and GitHub to automate Android application build, testing, and APK delivery.
- Containerized project infrastructure using Docker Compose to maintain consistent development and CI environments.
- Developed a Dockerized Android build environment to enable repeatable builds without local SDK dependencies.

CERTIFICATIONS - COURSES

Oracle Database SQL Certified Specialist.

Oracle Certified Professional - Java SE 11 Developer.
